

SPECIAL EVENTS PROTOCOL & DECORUM

Ground Breaking, Awards & Opening Ceremonies are just some events that pepper our long list of track records that come with the prestige and finesse these special events command. We are well versed in protocol and decorum management, adept in writing event protocols & procedures, emcee scripts and event briefs.

We also conduct training to equip all personnel involved with the necessary skills to excel in their assigned roles at the event. This is especially pertinent for special events where there can only be one take and nothing is left to chance.
